INTRODUCTION TO WIC

The Special Supplemental Nutrition Program for Women, Infants and Children (WIC) is a nutritional program for pregnant women, breastfeeding mothers, postpartum mothers, infants and children up to the age of five. These are critical times for growth and development, when proper nutrition is especially important in order to prevent health problems.

The purpose of WIC is to provide supplemental foods high in protein, vitamins, and minerals (*particularly vitamin C and iron to prevent anemia*), which will help increase birth weight of infants and to permit maximum mental and physical development. These foods have been carefully selected and are individually prescribed to meet the participant's nutrition needs.

WIC also refers participants to health and social service programs and gives nutrition education lessons on good eating habits to help the ITO WIC Program build healthy families through good nutrition. WIC nutrition education goals are to assist the participant who is a nutritional risk achieve a positive change in food eating habits resulting in an improved health status and to prevent nutrition related problems.

Infants whose mothers participate in WIC weigh more when they are born and have fewer health problems than infants whose mothers did not participate. Children who participate in WIC are less likely to have anemia than children who do not participate.

The United State Department of Agriculture (USDA) funds WIC. The ITO WIC Program is administered at the local clinic level by WIC paraprofessionals throughout counties specified for each WIC Program.

Eligibility for the ITO WIC Program is based on income and nutritional risk. Applicants for the program must meet income criteria, set by the USDA, and/or be determined a nutritional risk by a health care professional. Risk criteria include anemia, poor growth, medical conditions related to nutrition, low birth weight, and inadequate dietary intake.

WIC is different from SNAP because participants can only buy the types and quantities of foods on their eWIC benefit card. They cannot buy things like soda pop, candy or potato chips. In addition, WIC participants can only use their eWIC benefit card at stores that have a signed Vendor Agreement with the ITO WIC Program. The vendor and cashiers who sell WIC authorized foods are essential because they help to improve the nutritional status of a member of their community.

The WIC acronym and logo have been registered and trademarked by the U.S. Department of Agriculture (USDA). A WIC food vendor is not permitted, without specific State Agency authorization, to use either the acronym "WIC" or the WIC logo, including close facsimiles thereof, in total or in part, in either the official name in which the vendor is registered or the name under which it does business, if different, on product labels or packages, store signs, pamphlets, advertisements, brochures or any other proprietary materials.

ITO stands for Indian Tribal Organization that consists of seven (7) individual tribes as identified on the Unified WIC Approved Food Card: **Muscogee Creek Nation, Inter-Tribal Council (ITC), Osage Nation, Otoe-Missouria Tribe, Citizen Potawatomi Nation, Wichita Caddo Delaware (WCD), and Choctaw Nation.** This vendor handbook is applicable to the above-mentioned 7 individual tribal WIC Programs, excluding Cherokee Nation and Chickasaw Nation which have their own vendor handbooks.

ROLE OF THE WIC VENDOR

The food delivery system used by the ITO WIC Program provides supplemental foods free of charge and tax free to participants. These foods are provided by retail WIC authorized vendors.

Retail food vendors play a critical role in the ITO WIC Program. As the actual distributors of the authorized WIC foods, the vendors are essential in their part to help improve the nutritional status of a member of the community. The ITO WIC Program benefits the vendors who are selected to participate not only because of the direct contributions of WIC food sales, but also because the participant may purchase other products at the same time when redeeming their eWIC benefits. In return, vendors are expected to maintain accountable behavior in dealing with participants and the ITO WIC Program.

As the retail food outlets, WIC vendors assure that participants receive full benefit from the program by assisting them in identifying and purchasing WIC supplemental foods. Only vendors authorized by the ITO WIC Program can redeem eWIC benefit cards, which are food prescriptions WIC participants are given by their local WIC program to exchange for food at authorized WIC vendors.

Before any vendors are selected to enter into a Vendor Agreement with the ITO WIC Program, the vendor must meet standard requirements of the vendor plan for their service area.

AUTHORIZATION AND SELECTION

Vendor authorization is required. Only businesses that are authorized as WIC vendors may redeem eWIC benefits.

To be eligible, all new applicants must complete the WIC vendor application and return it to the Administrative Office for review. Before permitting a vendor to accept eWIC benefits, a WIC representative will conduct an on-site review to determine if the applicant's store meets WIC vendor requirements.

All interested vendors may submit applications to the ITO WIC Program. The WIC Administrative Office reviews and selects vendors based on the following:

- Submit a complete Application Packet
- Pass an on-site review
- Have a current license and permits to do business in Oklahoma

- ☑ Maintain sufficient stock of WIC authorized food items purchased from your confirmed wholesaler
- ☑ Have competitive prices within Vendor Peer Group
- ☑ Maintain compliance with WIC and SNAP regulations past 3 years
- ☑ Be located within the boundaries of WIC Program and the location is accessible to WIC participants
- ☑ Carry fresh merchandise and maintain sanitary conditions
- ☑ Maintain Business Integrity
- ☑ Proof of USDA Supplemental Nutrition Assistance Program (SNAP) authorization, if requested by the ITO WIC Program
- ☑ Vendor Must be eWIC ready to become an authorized eWIC vendor

New applicants must pass the on-site review to become an authorized vendor. On-site reviews will be conducted within 60 days of receipt of a new vendor application. Notice to the vendor is not provided.

If the on-site review discloses that the applicant's proposed vendor site does not have the minimum quantities, sizes, or types of WIC foods necessary, or that business or financial information supplied by the applicant is erroneous, inaccurate, or insufficient, the vendor will be advised of the deficiencies and another on-site inspection will be conducted within 30 days.

If the second on-site review discloses that the applicant's proposed vendor site's inventory does not meet the minimum quantities, sizes, and types of WIC foods or if business or financial information supplied by the applicant remains erroneous, inaccurate, or insufficient, the application will be denied.

On approval, the vendor must complete and return the WIC Vendor Agreement. The vendor must then attend training provided by the WIC Administrative Office.

It is required by federal regulation that all vendors selected to participate as a WIC vendor must read and sign a Vendor Agreement. These agreements are kept in the permanent file of the vendor for the duration of participation or the renewal of the agreement with the ITO WIC Program.

Vendor Agreements ensure the selected vendor's commitment to provide only the authorized foods and quantities specified by the ITO WIC Program (purchased from confirmed wholesaler) at the customary selling prices and tax free. It also ensures the vendor is aware of all federal regulations and sanctions. These regulations and policies will be required to be followed and sanctions will be imposed for noncompliance, as they will apply to throughout the WIC vendor authorization period. (See Vendor Handbook Sanction Section.)

A vendor applicant cannot redeem (accept) eWIC benefits prior to authorization. Any eWIC benefits submitted prior to authorization date will be denied payment.

SELECTION CRITERIA

Before any vendors are selected to enter into an agreement, the vendor must meet standard requirements of the vendor plan for their specific service area. This plan identifies the approximate number of WIC vendor agreements available for each clinic area. The following criteria are used when reviewing vendor applications:

- ✓ **Completeness** ~ all information in the application packet is complete, accurate and returned on or before deadline date. Upon receipt of a signed eWIC vendor agreement from both entities and with a valid vendor number the vendor, after training and equipment certification, may accept eWIC benefits.
- ✓ **Mandatory Minimum Stock** ~ vendor agrees to stock all required authorized WIC foods at all times in the quantities, sizes, and brands specified by the ITO WIC Program. All authorized WIC foods must be purchased from your confirmed wholesaler. Vendor may provide only the supplemental foods on the eWIC benefit card.
- ✓ **Competitive Prices** ~ competitive food prices as compared with other WIC vendors of similar size in similar geographic locations and based on the price sheets submitted by vendors. The ITO WIC Programs have adopted the Oklahoma State Department of Health WIC Services (OSDH) competitive price selection criteria for selection of vendors. An on-site review will be done to assure store prices were reported accurately before authorization.
- ✓ **Maximum Reimbursement levels** ~ The ITO WIC Programs have adopted the OSDH maximum reimbursement levels for all shared vendors and for all food items common to our respective authorized unified food lists. Vendor's prices charged to WIC shall not exceed those prices charged to cash-paying customers nor the price posted at the vendor site. The vendor shall not charge for delivery of WIC foods. The vendor's prices shall not be above the levels set by OSDH.
 - All authorized shared vendors will abide by warning and termination actions issued by OSDH arising from determinations regarding competitive pricing and maximum reimbursement levels. The ITO WIC Programs will establish their own maximum reimbursement levels for food items for a vendor not shared with OSDH.
 - The ITO WIC Programs will make determinations regarding adequate participant access to supplemental foods.
- ✓ **Location** ~ must be located within the ITO WIC Programs counties (there is no more than one vendor per 70 WIC participants) and open at least 8 hours a day, 6 days per week/or as needed for adequate participant access in area identified as food deserts.

- ✓ **SNAP Compliance** ~ no instances of non-compliance with the Federal SNAP program in the past three years as evidenced by SNAP disqualification or civil money penalty.
- ✓ **Disqualification from another State Agency WIC Program** ~ vendor will not be authorized by the ITO WIC Program if the store is currently disqualified by another State agency's WIC Program for a mandatory federal sanction.
- ✓ **On-Site Review** ~ must pass pre-authorization on-site review.
- ✓ **Conflict of Interest** ~ no conflict of interest must exist between the vendor and ITO WIC Program.
- ✓ **Business Integrity** ~ current owners, officers, or managers must not have or have been convicted or had a civil judgment during the last 6 years for any of the following: fraud, antitrust violations, embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, or obstruction of justice.
- ✓ **No Sale of Store to Circumvent a WIC Sanction** ~ ITO WIC Programs shall not authorize a vendor applicant if it determines the store has been sold by its previous owner in an attempt to circumvent a WIC sanction.
- ✓ **The SAM System consulted** ~ The System for Award Management (SAM) will be consulted at the time of vendor application screening for debarred or suspended parties.
- ✓ **Wholesaler List/Infant Formula**~ The vendor must only purchase formula from the list of infant Formula Wholesalers and infant formula manufacturers provided by the ITO WIC Program.
- ✓ **Split Payment**~ The vendor must implement procedures that allow the participant, authorized representative or proxy to pay the difference when a fruit and vegetable purchase exceeds the value of the eWIC transaction.
- ✓ **Equal Treatment**~ The vendor must offer WIC customers the same courtesies that are offered to another non-WIC customers. Vendors may not exclude WIC customers from in-store promotions, this includes: vendors cannot prevent WIC transactions from using coupons or other vendor discounts that are allowed in non-WIC transactions. The vendor may not treat WIC customers differently by offering them incentive items, vendor discounts, coupon or other promotions that are not offered to non-WIC customers.

VENDOR AGREEMENT

The final step in becoming a WIC Vendor is the submission of a signed Vendor Agreement by the vendor to the ITO WIC Program. The agreement must be signed by a vendor representative who has legal authority to obligate the vendor. Original Vendor Agreements are kept on file. Once authorized, the vendor is assigned a vendor number for administrative purposes and must attend a Vendor Training. (NOTE: A vendor applicant is not authorized to accept eWIC benefits prior to or pending authorization. A vendor applicant is not considered authorized until the original vendor agreement has been fully signed by the ITO WIC Program official.)

It is required by federal regulations that all vendors selected to participate in the ITO WIC Program read and sign a Vendor Agreement. Vendor Agreements are in effect for three years from October 1, through September 30. At the ITO WIC Program's discretion, agreements are renewed at the beginning of each fiscal year. At least thirty days prior to the expiration of a vendor agreement, the ITO WIC Program will send a notice of re-authorization to the vendor if it is in good standing with the ITO WIC Program and State SNAP requirements.

Vendor Agreements ensure the vendor's commitment to provide the ITO WIC Program's participants with the authorized foods and specified quantities at the customary selling price tax free with no charge for authorized supplemental foods. It also ensures the vendor is aware of all Federal Regulations they will be required to follow as a WIC vendor as well as sanctions for vendor noncompliance.

Vendors will also be required to display approved window signs and asked to display shelf talkers which help participants identify authorized WIC vendors and authorized food items.

VENDOR STATUS

Retailers wishing to maintain their WIC vendor status must sign a new vendor agreement with the ITO WIC Program by September 15 and complete a new vendor re-authorization form every third year or as otherwise required by the ITO WIC Program. An updated price list must accompany the re-authorization form upon request.

To maintain the WIC vendor authorization, the vendor must maintain an active status by redeeming eWIC benefits and by submitting a price list upon request.

If the ownership of a Vendor changes the Vendor Agreement becomes void. The ITO WIC Program must be notified in writing of the change. The new store owner may then apply to become a WIC authorized vendor but eWIC cannot be accepted until the new store owner's vendor authorization has been granted by the ITO WIC Program. Vendors may voluntarily end their WIC agreement at any time by providing 30 days written notice. At the end of this 30-day period, eWIC benefits may no longer be accepted by the vendor. The ITO WIC Program will not honor reimbursement claims for eWIC transactions conducted after that 30-day period.

MANDATORY MINIMUM STOCK

Before a vendor is considered to be a WIC Vendor, the vendor must stock all categories of the authorized foods. All foods must be kept in sufficient amounts throughout the duration of the vendor agreement to meet vendor requirements and be obtained from the vendor's confirmed wholesaler only. These foods must also be kept fresh, up-to-date, and on store shelves with visible prices. Participants should be able to purchase authorized foods anytime the vendor is open. Inventory audits may be performed by the ITO WIC Programs and an invoice

audit requested periodically for minimum stocking confirmation. Vendors are required as part of their Vendor Agreement to maintain and make accessible original inventory/invoice records for three years to substantiate stocking and redemptions for WIC authorized food sales.

CASHIER INSTRUCTIONS FOR PROCESSING EWIC TRANSACTIONS

Using an Integrated Point of Sale (POS) System

How to start an eWIC transaction

- WIC participants are not required to have ID folders or other ID when using their eWIC card.
- WIC participants will not sign any document when paying with eWIC.
- It is not necessary for WIC items to be separated from other items purchased. Cashiers will scan the order as a mixed basket.
- Before scanning begins, the Cashier will NOT use the WIC key used for paper WIC checks on the register. The Cashier will start scanning as if it is a cash sale.

What's next after the Cashier has finished scanning the order

- Please remember that eWIC must always be processed first, before other payment methods. Any other method of payment would pay for the WIC items within the scanned order.
- Cashier should press the subtotal key and wait for the WIC participant to swipe their eWIC card and enter their PIN number.
- At this time if the WIC participant has any store or manufacturer coupons, they will provide them to the cashier.
- Once the WIC participant has entered their PIN, the Cashier will ask the participant not to select "Yes or No" on the pin pad and explain that the Cashier will need to review the participant's eWIC benefits before going forward.
- The Cashier goes over the items being purchased with eWIC benefits to confirm the participant's expectations/intent.
- While watching the customer to ensure they do not select "Yes or No" on the PIN pad, the cashier will press the tender key (EFT, Debit/Credit, or WIC tender). The Cashier may need to enter the total amount of sale as displayed on their monitor depending on the register system.

Having the WIC participant confirm eWIC items

- Once all steps in section 2 above have been completed, the eWIC Benefits Redemption/Utilized Benefits receipt will print.
- The cashier must provide the eWIC Benefits Redemption/Utilized Benefits receipt to the WIC participant for their approval before moving forward. It is critical the cashier understands this receipt and can explain it to the WIC participant.
- The top portion of this receipt will show the items and quantity of the WIC participant's current eWIC benefits. The bottom of this receipt lists the items to be paid for with the eWIC Card. The Cashier should explain to the customer that the items listed are items eWIC has selected to pay for and any item not listed here will be on their eWIC food item benefit balance. Then ask the customer if there are items missing from this list.
- If the WIC participant questions why an item is not listed to be paid by eWIC, the Cashier will use three tools to determine the reason. These tools are; (1) WIC Food Card, (2) List of food item benefits, on the eWIC Benefits Redemption Utilized Benefits receipt, and (3) the quantity balance of those items listed on their benefits. These three tools will always explain why eWIC **is** or **is not** paying for an item.
- Changes can be made at this time to correct a purchase by having the participant select "no" on the PIN pad. This will allow you to void any items that did not scan as WIC approved and scan the correct WIC approved items.

Completing the eWIC transaction

- Once the WIC participant has agreed with the eWIC Benefits Redemption/Utilized Benefits receipt, the WIC participant will select "Yes" on the PIN pad and the cashier will collect all other forms of payment for the remaining items. Once the WIC participant selects "Yes", the eWIC transaction is final. Refunds and returns are not allowed. No exchanges, except for food items that are defective, spoiled, or exceed their sell/use date and only for the exact, same brand and size.
- After all forms of payment have been collected, the final receipt will print. The top portion will be a normal appearing receipt showing all items purchased and how they were paid for. The next section will show the WIC participant's beginning eWIC benefits and under that will list each item eWIC paid for. The bottom portion will display the WIC participant's remaining WIC benefits after the transaction.

Benefit Processing Instructions for Payment

- All eWIC transactions are verified by their card number and PIN at the eWIC POS Terminal in much the same way as a bank debit card is verified. Once the same has been authorized, the ITO WIC Program eWIC system will debit the cardholder's benefit account in the exact quantities of food purchased.
- The vendor examines the foods and verifies that the total price of the food is correct.
- The WIC Program may pay vendors for WIC benefits submitted for redemption after the redemption period as long as the total value submitted at one time does not exceed \$500.
- The WIC Program may deny or delay payment or assess a claim for the full purchase of the eWIC benefit that contains an overcharge or other error.

The vendor may not, under any circumstance, require/record identifying information such as the WIC participant's address, telephone number, or driver's license number on the WIC benefit receipt. The vendor may not, under any circumstance, seek restitution from the participant, parent, or proxy for claims reduced or not paid by the WIC Program.

TRAINING

Vendor training consists of interactive (face-to-face) training, cashier training, and annual training. All vendors approved for the ITO WIC Program authorization must attend training before they can accept eWIC benefits. Interactive training is provided once every three years. All current WIC vendors must attend interactive training in order to maintain their WIC authorization. This is also a time for vendors to provide feedback and suggestions to help improve the ITO WIC Program.

The cashier training is for managers and cashiers of current vendors. This training is not required but is encouraged. This training is to reinforce understanding of WIC cashier-level transaction procedures and any policies around least cost brand; this training is planned with the hope the vendor staff is trained to accept and process eWIC benefits with proper procedures. The cashier training is scheduled upon notification from the vendor.

Vendors accept accountability for the actions of employees in the handling of WIC food transactions and the selling of authorized foods. Vendors shall be responsible for any actions of vendor's employees which are contrary to the WIC Vendor Agreement and WIC regulations.

- ❖ **Interactive training** is provided to vendors upon initial authorization and must be attended once every three years. All new vendors must receive interactive training prior to accepting eWIC benefits along with transaction and redemption procedures. This training is designed to provide new vendors with a thorough view of program regulations.
- ❖ **Cashier training** is offered upon request by the vendor. This training is to update and strengthen cashier knowledge of eWIC benefits. Training works best when all cashiers, office managers and anyone who deals with eWIC benefits are present.
- ❖ **Annual training** is provided through vendor correspondence throughout the year. Vendors are informed of any changes to the ITO WIC Program, such as any new regulations regarding eWIC benefit transaction and redemption procedures from the USDA, in a variety of formats, including newsletters, videos, telephone communication, and emails. This is also a time for the vendor coordinator to address any reoccurring issues.

MONITORING

By signing the Vendor Agreement, selected vendors recognize the right of WIC staff, or USDA officials to “MONITOR” the establishment. Monitoring of vendors consists of routine on-site monitoring, inventory audits, compliance buys, review of pertinent records, and correspondence with the ITO WIC Program. Monitoring is required by Federal regulations and at least 5% of authorized vendors will be monitored once a year. Monitoring may serve as problem flags for the Vendor Coordinator to view, such as:

- COMPLIANCE
- ABUSE
- SANCTIONS

- VENDOR RESPONSIBILITIES
- IDENTIFY PROBLEMS & CONCERNS

Routine monitoring is conducted by the Vendor Coordinator. This on-site visit is to determine vendor compliance. Monitoring visits may be scheduled in advance and unannounced. After a monitoring visit, a completed Vendor Monitoring form with the findings will be submitted to the WIC Director. Vendor cooperation is encouraged and greatly appreciated. Failure to cooperate may be used as a basis for disqualification or termination as a WIC vendor. During a monitoring visit, the Vendor Coordinator will:

- Identify themselves to the manager and inform them of the purpose of the visit
- Check that the mandatory minimum is stocked on store shelves. Inventory audit may be required if it appears minimum is not being met
- Check for door and window signs
- Check for shelf talkers
- Review any eWIC benefit transactions to determine if correctly processed
- Discuss and review any violations found
- Document violations and discuss how to correct

Compliance buys/inventory audits for the ITO WIC Program are contracted out and conducted by Oklahoma State WIC Program. Any findings by Oklahoma State WIC are considered a serious offense which could result in disqualification or a civil money penalty. Violations may also give rise to claims requiring the vendor to pay back the WIC Program.

INVESTIGATIONS

The ITO WIC Program has designed a system to detect vendor abuse or fraud. This system also identifies vendors who through misinformation or lack of training may unknowingly violate the ITO WIC Program regulations.

Periodically, it may be necessary to carry the monitoring process further due to suspected program abuse. Such actions are more properly considered investigation and are the responsibility of the WIC Administrative Office. Investigations will be initiated when:

- 1) A complaint form is received on a particular vendor
- 2) A complaint of possible abuse, discrimination, or a violation of civil rights
- 3) Incorrect records for authorized food items, eWIC benefit cost
- 4) Provision of non-authorized items
- 5) The ITO WIC Program is informed in writing or a complaint form that a vendor may be abusing the ITO WIC Program, practicing discrimination or engaging in questionable fraudulent eWIC benefit redemption billing practices

Upon notification or suspicion of possible abuse the ITO WIC Program will initiate an investigation to determine whether the vendor is deliberately violating program requirements. Investigations of suspected violations may include, but are not limited to: On Site Reviews, Compliance Buys, Documentation of Complaints, and / or referral to USDA for follow up. Additionally, information on activities to around vendor compliance, monitoring, suspected fraud, and complaints may be shared between ITO WIC Programs and Oklahoma State WIC.

Depending on the nature of the complaint, could result in an investigation designed to review the integrity of the vendor.

COMPLAINTS

Anyone wanting to file a complaint against the ITO WIC Program, WIC Staff, WIC Vendor, or another WIC Participant shall have the right to do so without jeopardizing their participation in program or benefits they may receive. Situations involving possible fraud or abuse may result in an investigation. A complaint form will need to be completed.

Procedures:

- 1) Complaint form completed by person(s) making complaint
- 2) Completed form submitted to the Program Director
- 3) Director decides action to be taken and any follow up
- 4) Complaint form will be kept on file with the WIC Director

CIVIL RIGHTS

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participant in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#), (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. A WIC vendor may obtain a more complete copy of these regulations by requesting it from the ITO WIC Program Administrative Office.

SNAP COMPLIANCE

The ITO WIC Program shall disqualify a vendor who has been disqualified or assessed civil money penalty for hardship by the SNAP Program. WIC Disqualification due to SNAP program disqualification shall not be subject to administrative or judicial review under the ITO WIC Program. A vendor may request an administrative review of a WIC disqualification based on an assessment of a civil money penalty for hardship by the SNAP Program.

Disqualification from the ITO WIC Program may result in disqualification as a retailer in the SNAP Program. Such disqualification may not be subject to administrative or judicial review under the SNAP Program.

PARTICIPANT ABUSE

Participants as well as vendors have obligations and responsibilities to the ITO WIC Program. This responsibility includes following WIC regulations and using eWIC benefits correctly. Vendors should report any attempts to abuse the program. Examples of possible participant abuse include:

1. Trying to sell or exchange food purchased with eWIC benefits.
2. Requesting cash for eWIC benefits or foods purchased through a eWIC benefit card.
3. Attempting to buy beer, cigarettes, gasoline or other non-food items with eWIC benefits.
4. Trying to force cashiers to sell the wrong foods.
5. Being abusive toward store employees.

If a WIC participant attempts to abuse the program in your store, please report the incident to the ITO WIC Program. Please provide the name of the participant(s) that is attempting to abuse the program by using the WIC Report of Attempted Program Abuse form.

CASHIERS

The vendor is responsible for the actions of its staff. The vendor will be held liable for the ITO WIC Program and Federal Sanctions that might occur due to the vendor staff allowing unauthorized or abusive transactions to occur, whether or not the owner / manager is aware of the occurrence or actions. For this reason, it is important that all staff be kept up-to-date with any changes to rules and procedures. This is the sole responsibility of the vendor. This will help to prevent honest errors from occurring. Additional managers need to monitor eWIC benefit redemptions and handling to assure the vendor staff is following procedures. The following are training issues that need to be discussed with all staff:

- ✚ **Food Substitutions** ~ when the normal least cost brand is not available, the next higher priced brand would become the approved item as it would be the least cost brand at the time of that purchase.
- ✚ **Electronic Benefits Transfer (EBT)** ~ is the method of food delivery chosen by the ITO WIC Program that allows Participants to access their WIC benefits by using a magnetic stripe card and a four-digit Personal Identification Number (PIN).
- ✚ **Cash Value Benefit (CVB)** ~ means a fixed-dollar amount electronic benefit transfer (EBT) card or other document which is used by a participant to obtain authorized fruits and vegetables.
- ✚ **Formula Exchanges** ~ WIC participants cannot make formula exchanges with WIC vendors (except for stale or spoiled product, exchanged for the same brand and type). If a participant comes in to exchange, send them with their unopened formula back to their WIC Clinic. The ITO WIC Program will then issue a new food prescription for the amount of returned unopened cans.
- ✚ **Authorized Representative (Proxy)** ~ means any person designated by a woman participant, or by a parent or caretaker of an infant or child participant, to obtain and transact eWIC benefits or to obtain supplemental foods on behalf of a participant. The proxy must be designated consistent with the ITO WIC Program procedures established pursuant to 246.12 (r) (1). Parents of caretakers applying on behalf of child and infant participants are not proxies.
- ✚ **Participant** ~ means pregnant women, breastfeeding women, postpartum women, infants and children who are receiving supplemental foods or eWIC benefits under the program, and the breastfed infants of participant breastfeeding women.
- ✚ **Participant Violation** ~ means any deliberate action of a participant, parent or caretaker of an infant or child participant, or proxy that violates Federal or State statutes, regulations, policies, or procedures governing the Program. Participant violations include, but are not limited to, deliberately making false or misleading statements or deliberately misrepresenting, concealing, or withholding facts to obtain benefits; selling or offering to sell WIC benefits, including cash-value vouchers, food instruments, EBT cards, or supplemental foods in person, in print, or online; exchanging or attempting to exchange eWIC benefits or supplemental foods in excess of those listed on the participant's eWIC benefit; threatening to harm or physically harming clinic, vendor staff; and dual participation.
 - **Participant Abuse** ~ The WIC participants as well as WIC vendors have obligations and responsibilities to the ITO WIC Program. This includes following all rules and procedures for using eWIC benefits. Participants are

expected to be courteous to vendor staff when shopping for authorized items. Any attempts to abuse the program should be reported. Requesting cash or store credit for eWIC benefits

- Selling or exchanging already purchased WIC items
- Attempting to purchase beer, cigarettes, gasoline, or other unauthorized items with WIC benefits
- Trying to force or harass a cashier to sell unauthorized items
- Being abusive toward store employees

✚ **Separate Check Lanes Not Allowed** ~ In EBT integrated stores, WIC participants will be allowed to use any open check lane. In non-integrated stores, WIC participants will be allowed to use any open check lane which has a Point of Sale (POS) device in operation.

✚ **Equitable Treatment of a Vendor**

- The Federal WIC Regulations requires WIC authorized vendors to offer WIC Program participants, parents or caretakers of infant and child participants, and proxies the same courtesies that are offered to other (non-WIC) customers. WIC authorized vendors may not treat WIC customers differently from non-WIC customers by excluding them from in-store promotions; vendors may not disallow the use of coupons or other vendor discounts in WIC transactions that are allowed in non-WIC transactions. Similarly, WIC authorized vendors may not treat WIC customers differently by offering them incentive items, vendor discounts, coupons or other promotions that are not offered to non-WIC customers. Failure to provide the same courtesies to WIC participants, as outlined above, is a violation of Federal WIC Regulations, thereby constituting a vendor violation.

✚ **Vendor Discounts by Type** ~ All WIC participants are entitled to any specials offered at your store.

✚ **By One, Get One Free (BOGO)**

- In this promotion, the WIC-authorized vendor sells one WIC food item and provides a second identical food item or a different item at no additional cost.

✚ **Buy One, Get One at a Reduced Price**

- In this promotion, the WIC vendor sells one WIC food item at full price and sells either a second identical WIC food item or a different food item at a reduced price.

✚ **Free Ounces Added to Food Item by Manufacturer (Bonus Size Items)**

- In this promotion, a food manufacturer adds extra ounces to a product at no extra cost to the consumer.

✚ **Transaction Discounts**

- In this type of promotion, the WIC vendor applies a fixed amount discount or a discount percentage to the total dollar amount of the purchase.

✚ **Store Loyalty/Rewards Cards**

- WIC-authorized vendors may provide a card or token that provides additional vendor discounts for frequent or regular customers.

✚ **Manufacturers' Cents Off Coupons**

- Manufacturers' cents off coupons allow customers to purchase certain items at a lower price.

-
- ✚ **Sales Tax on Manufacturers' Coupons**
 - State agencies are prohibited from collecting sales taxes on WIC foods. However, some States collect sales tax on manufacturers' coupons. In some cases, this tax only applies to manufacturers' coupons that are used on taxable items and does not apply to coupons used for WIC-authorized foods in a WIC transaction. Other States have exempted WIC purchases from the collection of sales tax on manufacturers' coupons through legislation or policy clarification. It is important to remember that manufacturers' coupons are not a WIC benefit. States are not prohibited from collecting sales tax on manufacturers' coupons. If a WIC participant uses a coupon when purchasing a WIC food item, sales tax may be collected on the value of the coupon tendered, but must not be collected on the actual WIC food item or paid for by the WIC participant or the ITO WIC Program via the eWIC benefits.

If sales tax must be collected on a manufacturers' coupon in a WIC transaction, the following procedure must be used in order to prevent the ITO WIC Program or the participant from being taxed:

- 1) Subtract the sales tax on the coupon from the face value of the coupon
- 2) Subtract the remainder of the coupon value from the retail price of the WIC-authorized food

Using this process, the sales tax is effectively paid by the coupon itself. For example, if sales tax on manufacturers' coupons is 5% and a participant presents a coupon for \$1.00 off a WIC-authorized food that costs \$3.00, the transaction would be processed as follows:

- 1) Sales tax subtracted from face value of coupon: $\$1.00 - \$0.05 = \$0.95$
- 2) Remainder of coupon value subtracted from retail price of food item: $\$3.00 - \$0.95 = \$2.05$. In this example WIC Program would be charged \$2.05 for the food item.

Additionally ~

The vendor must not issue cash change to a WIC customer for purchases less than the total value of the eWIC Cash Value Benefit.
